REUNION DAY 2025!

At the Academy, we say that we have a big door in and a bigger door out. This means we celebrate our members who have moved on to other endeavors. That said, it sure was a blast seeing everyone at our Academy Reunions, held at both campuses. Members came from far and wide to catch up on what's new and inspire us with their accomplishments. Great food, games, and prizes were all part of the fun. We have another saying here too, "once a member, always a member," and today sure felt like a homecoming.
